

# Falling Backwards

Lil Skies

Am I falling backwards  
Until I reach the top  
Am I falling backwards  
I hope that it don't stop

(Aye, aye)  
What am I trying for  
Lost up in my mental  
All up in my grill  
Can you get up out my dental?  
Why I keep trying  
With my head on a swivel  
I don't really know  
If I wanna live or die  
Dark clouds  
And some heavy rain  
Held the pain in  
Now I gotta let it outside  
I'm riding  
When it comes to the gang (go)  
Going full throttle  
How we do it on this side

Am I falling backwards  
Until I reach the top  
Am I falling backwards  
I hope that it don't stop  
And I said what I said  
Even if it was in my head  
Am I falling backwards  
Until I reach the top  
Reach the top

(Aye, aye)  
You gonna lose me  
Telling me what to do  
I feel a cool chill  
As I enter the room  
It's a problem baby girl  
But not a problem to you  
I don't wanna fall in love  
Cause I'm the one not the two  
I gotta big heart  
But I put it on ice  
I gotta cold soul  
But the heat feels nice  
You say you ridin' with me  
Til' the end of my time  
All I wanna do  
Is shine and grind  
Tryna make life mine

Am I falling backwards  
Until I reach the top  
Am I falling backwards  
I hope that it don't stop  
And I said what I said

Even if it was in my head  
Am I falling backwards  
Until I reach the top  
Reach the top
