Wake up, no I ain't wake up, honestly I been up  
I been grinding, try get my cake up, can't take no paycuts  
We dun show them niggas, can't tame us, they couldn't break us  
Stay down, fuck being famous, try and get the cake up  
I walk in the Amiri Denims mixed with Marc Jacobs  
You try to walk a mile up in my shoes, you better lace up  
I ain't worried 'bout that bitch, I had a buy a lace front  
I'mma stuff for all them niggas, who say I dun' changed up

Different type of bag, gotta keep it on the low  
Different type of swag, I'mma give it to a hoe  
How you walk inside the jewelry store, and buy none for your bro  
I find it kinda funny, they said they was gettin' money  
You see they jumpin' digits, they gon' remind me of a bungee  
I'm pourin' up a double cup, you know I like it muddy  
And no you can't come over here, cause you are not my buddy  
I'm way from outer space, I need my space  
You can't come in my atmosphere, I'm promise you'll get beaten here  
You know this shit is different, on my nigga we don't show no fear  
I done got some different diamonds, shinin' like a chandelier  
I be sippin' lean by the pint, no I can't fuck with beer  
Niggas say they fuck with me, but honestly, don't want them near  
I could see it in his eyes, he ain't a man, he showing fear  
They tellin' me that I am different, I am me stop being weird  
Goin' out the ways, guess I'm stuck in my way  
No, I don't wanna talk to nobody, that's not my style  
I'm trynna get out of here, I'mma be gone for a while  
They say they want beef, but don't black and white like a cow  
I'm running up the miles

Wake up, no I ain't wake up, honestly I been up  
I been grinding, try get my cake up, can't take no paycuts  
We dun show them niggas, can't tame us, they couldn't break us  
Stay down, fuck being famous, try and get the cake up  
I walk in the Amiri Denims mixed with Marc Jacobs  
You try to walk a mile up in my shoes, you better lace up  
I ain't worried 'bout that bitch, I had a buy a lace front  
I'mma stuff for all them niggas, who say I dun' changed up

Put diamonds in the cross  
Diamonds in my teeth, I'mma smile when I floss  
I ain't rocking Hugo but they know that I'm a boss  
Different kind of swag, you can tell when I walk  
Haha, yeah he different, how he talk  
I'm on point like a hawk  
Gotta pay attention, they gon' try to take me off  
Niggas see me out in public, they can't play me soft  
How I feel when you got that record deal?  
Well I just kept it 100, I need a hunnid mil'  
Not worrying 'bout you people I'm not caring how you feel  
That's only keep it true, this shit can get so real
