

Your ho for the team, how you find her?  
This an ERD tee, ain't no Prada  
That's your bitch, tell me, how do I got her?  
Got her rockin' my chain like I signed her  
They not fuckin' with me, I might slime 'em  
I don't fuck with y'all, that's on my mama  
Yeah, my best friend is weed and some grabba  
YSL tee, bitch, I'm poppin' my collar  
Check cleared, tell her count it up for me  
My exes tell me that they still love on me  
I'm a young, rich nigga, what you want from me?  
I make a move, nigga, bet they gon' study  
She gon' choose, nigga, tell me she love me  
This diamond tooth cost a hundred and twenty  
I'm not a new nigga, been here already  
Hoes by the group, nigga, tell her she ready

I came for that shit that you told me  
I came for that shit that you owe me  
I pull up on you on my doly  
You put the blame on me like Tony  
And I ain't trippin' that it ain't the same  
'Cause I been waitin' for it all to change  
Like I been waitin' on this one day  
Like shit could only just go one way

Everything ain't shit 'bout a dollar  
Everything ain't shit 'bout a comma  
I can't care for you, I ain't Obama  
Got a thing for you, tell me if you solid  
Can't walk on the scene if the shit don't seem like I might walk out with a profit  
Every day  
Go cray  
But it might be great  
If I just went and made a deposit
