

You tell me if it's a-

You tell me if it's a problem
What the fuck you doin' tryna fix me?
Smoke a nigga like some marijuana
Got no problem, give a nigga 50
You been thinkin' I don't see you call up
It ain't cross your mind, I'm probably busy
They should know I don't fuck with the drama
Yeah, with all that shit, you could miss me

Got it flawed, you thinkin' I need one
Bitch, I'm ballin' like D1
I could tell when you said that you need love
Know you don't really mean love
Got it flawed, you thinkin' I need one
Bitch, I'm ballin' like D1
I could tell when you said that you need love
Know you don't really mean love

You runnin' from life, face it
Pass me the blunt, faced it
You must have thought it wasn't for you
Can't be fun doin' all that chasin'
Let her know that my life is a maze
She don't care 'cause my life is amazing
With my bros like Abel and Cain
Gettin' chicken, my pockets, they raisin'
I look up to the GPS
Since a youngin' been tryna get to it
I could teach you how to flex
Always did every time I'm pursuing
Really I been worried 'bout Tec
I ain't watchin' what these nigga doin'
What I'm worth and never ask for less
Probably really gon' think I was stupid

I get a clue that you always can't be what I ask for
I gotta go, you said, "No way, you can't leave me that long"
Can't lie, been on the wrong way, throwin' the cash, watchin' it fall
You been faded always, throwin' it in, watch it dissolve, watch it dissolve

You tell me if it's a problem
What the fuck you doin' tryna fix me?
Smoke a nigga like some marijuana
Got no problem, give a nigga 50
You been thinkin' I don't see you call up
It ain't cross your mind, I'm probably busy
They should know I don't fuck with the drama
Yeah, with all that shit, you could miss me

Got it flawed, you thinkin' I need one
Bitch, I'm ballin' like D1
I could tell when you said that you need love
Know you don't really mean love
Got it flawed, you thinkin' I need one
Bitch, I'm ballin' like D1

I could tell when you said that you need love
Know you don't really mean love
