

Don't Rush

Lil Tecca

You is the one that is to me
Baby, just hold me, don't let me run
Kawasaki, baby, slide
You was just shinin', don't get too rushed
Pour another shot, no rush
Tell me what you want, no rush
Know you threw the blame on us
I know I'ma change up, only one life
What, would I just stay the same for you?

I been on some dumb shit, yeah
Said she want a nigga on that dumb shit, yeah
We could vibe private, fuck the public, yeah
Shawty, she my parlay, she got dumb thick, yeah
Where I'm at? I can't even pick a coast
Eastside nigga with his Westside ho
I get lit in real life, give a fuck about a post
They say, "You don't do enough, Tec," fuck it, do the most
Gotta meet her
Rule number one, wanna never need her
Get high till I see, higher till I see none
Don't know who you wanna be, nigga you gon' be none
Shawty movin' like my exes, you could be one
Very little time, I'ma say soon
Nothin' like your last nigga. He a dayroom
It ain't no space around my circle, we can't make room
Rather be alone, than let a lame nigga take room

You is the one that is to me
Baby, just hold me, don't let me run
Kawasaki, baby, slide
You was just shinin', don't get too rushed
Pour another shot, no rush
Tell me what you want, no rush
Know you threw blame on us
I know I'ma change up, only one life
What, would I just stay the same for you?

You is the one that is to me

Tell me what you want, no rush

Pour another shot, no rush
Pour another shot, no rush
Pour another shot, no rush
