All the time that I could hear 'em speak, that shit been hard to  
believe, yeah-yeah  
Tables turned but you gon' fuck around and wish you still had your  
seat, yeah-yeah  
She said, "Tecca, boy, you think you the shit," but who fuckin'  
with me? Woah, woah

Down with me, won't see them 'round if they not with me  
She like, "I needed you," I think God sent me  
Gave me your heart, I said, "Don't tempt me"  
She said, "Don't break my heart," I said, "Don't let me"  
I don't even try, no, they won't get me  
Get these racks, see, I been on the road steady  
Nowadays, I don't need nobody  
It's easy, I don't even know many

Don't even get me time, fuck it (Don't even get)  
I get this bread in my meantime (Yeah)  
Makin' plays, we don't even get we time (Yeah)  
Where the blunt? Bitch, I always get tree time  
Everyday we don't gotta agree, now I'm better  
Fuck it, I fly you to meet the sky later  
Don't know who you wanna be when I met her  
Told me your nigga wan' be my level

Show me somethin' I ain't never seen, won't be easy for me, yeah
