

# Fallin

Lil Tecca

Menoh!  
Brr-ah  
Uh, uh (Yeah)  
Risin'

Yeah, you risin', yeah, you fallin'  
Yeah, you polished, yeah, you flawless  
Need your space, oh? Beg your pardon  
I did the race, my love, I saw it  
I found a weakness and I fought it  
She got that cake, she in my comments  
Said she got faith (Faith)  
Said she got face and she pullin' up on me

Yeah (Oh my), yeah (Oh my), yeah (Oh my), yeah (Oh my)  
Everything gon' get better my way  
Everyday I be rockin' the latest  
Yeah (Oh my), yeah (Oh my), yeah (Oh my), yeah (Oh my)  
I can see in their face, they outdated  
Not my fault that you should've updated

All them old folks ancient  
I be on go mode, new cake and  
I got that gas when I'm feelin' jaded  
You ain't the man if you ain't most hated  
They say, "Vercetti, you comin' like that?"  
I said, "Hold on, bro, I'm comin' right back"  
I'm in that mode, I'ma call you right back  
I don't go to sleep 'cause I'm mornin' like that  
I'm in the kitchen, lil' ho, are you kiddin'?  
That vibe that you thinkin', I already did it  
These Japanese denim, you can't even get it  
This 33 waist, no, I can't even fit it  
You try to cross me, then I tell 'em, "Good riddance"  
I'm tryna get guala, I fuck with good business  
Forgot that they know us, but now the coupe tinted  
Worried 'bout missin', I'm worried 'bout digits

Yeah, you risin', yeah, you fallin'  
Yeah, you polished, yeah, you flawless  
Need your space, oh? Beg your pardon  
I did the race, my love, I saw it  
I found a weakness and I fought it  
She got that cake, she in my comments  
Said she got faith (Faith)  
Said she got face and she pullin' up on me

Yeah (Oh my), yeah (Oh my), yeah (Oh my), yeah (Oh my)  
Everything gon' get better my way  
Everyday I be rockin' the latest  
Yeah (Oh my), yeah (Oh my), yeah (Oh my), yeah (Oh my)  
I can see in their face, they outdated  
Not my fault that you should've updated  
Yeah, yeah, yeah, yeah  
Everything gon' get better my way  
Everyday I be rockin' the latest  
Yeah, yeah, yeah, yeah

I can see in their face, they outdated  
Not my fault that you should've updated
