

Malibu's Most Wanted

Lil Tecca

(Skrrt, skrrt, skrrt)

I'm ridin' foreign car, Malibu Most Wanted
She want some ecstasy, she tryna party up in Austin
Yeah, like what's her name? Like, what's your options?
Spin the whip, tinted tail lights gone, I ain't saw shit
That ho a problem in my life, she can't solve shit
Turn my ho into a Barbie, every day a different outfit, yeah
When you tryna go? Right now, shit

Know you gon' kiss and tell
Her panty and bra YSL
She read my blog, leavin' a trail
Block your line, hit my mail
Don't say too much, L-O-L
XOXO, love never fail
Love to switch it up if this shit get stale
Your ho in the back countin' green, no kale
A lot on my mind, I had to let go
That's a lil' bankroll, racks extendo'
She like it painful, bitch gon' pray for
Fuck is an ex ho? Could be my next ho
I'm stayin' ten toes, shit's been ten fold
She want a frontal, I'm in her dental
I know they rentin' this whip just to flex it
I flex the whip 'cause this shit not a rental

I ain't outside unless shit not a fee, yeah
I don't even want company, ayy
Don't gotta see what I see
Don't gotta change up what you wan' be
Don't wanna make it all about you
Don't wanna make it all about me
Don't wanna make it all about bands
But I know bands, they all about me, yeah
