

MAMA

Lil Tecca

Can't do too much, ain't lose too much, can't spend all day on her
Yeah, shit got risky when you thought I was gon' move to LA, ma ma
Stay just like this, I know you don't give a fuck what I make, mama
Yeah, I'm just like you, you way too bad and you can't stay in drama
Can't do too much, ain't lose too much, can't spend all day on her
Yeah, shit got risky when you thought I was gon' move to LA, ma ma
Stay just like this, I know you don't give a fuck what I make, mama
Yeah, I'm just like you, you way too bad and you can't stay in drama

Nigga, be yourself, fuck what they do, that's what you say, mama
I can't be no ho if shit ain't goin' my way, I guess just play harder
I like to cash out, you know I fuck with Prada
You won't spend too much, you don't need too much, but I get what I wanna
I just called my dad, he said, "I know you workin', hope you good"
Learned this shit from you, how could I not? I hope you understood
You came back late night, seen you go early morning
And my life so crazy, tweakin' if I ever say it's boring

I could tell this shit was destined, yeah, way before I was born
When I lose myself, feel like I lost you, and that got me torn
Gotta say I just turned into someone, I know you adore
When I don't do this shit for me, you know who I do it for

Can't do too much, ain't lose too much, can't spend all day on her
Yeah, shit got risky when you thought I was gon' move to LA, ma ma
Stayin' just like this, I know you don't give a fuck what I make, mama
Yeah, I'm just like you, you way too bad and you can't stay in drama
Can't do too much, ain't lose too much, can't spend all day on her
Yeah, shit got risky when you thought I was gon' move to LA, ma
