

# One Night

Lil Tecca

I been outside, why the fuck would I duck niggas?  
My squad said you don't fuck with 'em, then it's fuck niggas  
Them dollar signs the only reason I don't trust niggas  
Why you got me on your mind? (Skrrt)  
Just slide, we get fried and get by, I said I won't tell a lie  
Only took one night, said that she ride-or-die  
When I go out of sight, said she from paradise  
Shawty said I do too much, what I lose you  
Spend that guap, recoup on my bucks, that shit been usual  
I done did the wrong ho bad, she do voodoo  
These niggas don't get to that bag, must got loose screws

I wish you well, but not with me, can't be close  
I kept this shit a 100K, even from head to toe  
I let you see the best though, my life a mess though  
Fuck it, I'm on the X, ho, with my ex ho  
Nigga talkin', shut up, damn, she got that dump truck  
I'm lookin' for one fuck to give, can't find one fuck  
I was in 231, I was in 181  
Why you 'round over road, can't be fuckin' with just anyone  
She said you heard them niggas talkin', I'm like, "What niggas?  
"
