

SEPARATE WAYS

Lil Tecca

You don't know where I been, you don't know what I seen
You don't know what I said, 'cause you don't know what I mean
If you seen what's in my life, then you seen everything I dream
One thing 'bout that cash, ain't nothin' gon' get between
I need that shit now, yeah, I can't wait on faith
I can't wait on luck, I can't wait all day
I can't show no trust for you, you gon' make that play
If I MIA, this shit went a different way, yeah (Yeah)

I watch the bag overflow (Yeah)
I'm thumbin' 'em, my fingers, they blue, nah, they ain't fallin'
' off
I was ridin' Q3, but won't see me metro
When you goin' up, you made it straight to hell, whoa
You get what you want, what you want though?
You tryna get high, you tryna get high hoes
This shit goin' fine, you must of had high hopes
Know I been a problem, yeah, I cause lot of those

You don't know where I been, you don't know what I seen
You don't know what I said, 'cause you don't know what I mean
If you seen what's in my life, then you seen everything I dream
One thing 'bout that cash, ain't nothin' gon' get between
I need that shit now, yeah, I can't wait on faith
I can't wait on luck, I can't wait all day
I can't show no trust for you, you gon' make that play
If I MIA, this shit went a different way, yeah (Yeah)
