

U Don't Know Tec

Lil Tecca

I done been on my shit, I ain't had no option
Now I'm the trendin' topic, Margiela when I'm walkin'
Ridin' foreign, I told your bitch to hop in
Bitch, I got my spot, yeah, you thought that we was parkin'

Light it up, spark it, she look good, bartender
She look good in Margiela, I could tell you want cheddar
What we on? It's uncensored, I ain't doin' no extra
You can't ride my wave then act like you don't know Tecca

Let it go, let it fly, dripped in diamonds, colorblind
Rolls with the blinds, so I never get behind
I been on my shit, swear that shit gon' multiply
I love bein' home, but I'm on the other side, yeah
Ya had the time to glow, it took a lot to glow
Yeah, she wanna go on a trip, I gotta go on the road
We not goin' in the club, 'cause she wanna play with her nose
I travel around the world and she wanna come to a show

I can't take time, nigga, I can't FaceTime
I can't fake kick it, nigga, with them fake guys
I can't waste time, nigga, I can't make lies
Gotta be why how I change, I could change lives

I done been on my shit, I ain't had no option
Now I'm the trendin' topic, Margiela when I'm walkin'
Ridin' foreign, I told your bitch to hop in
Bitch, I got my spot, yeah, you thought that we was parkin'

Light it up, spark it, she look good, bartender

What we on? It's uncensored, I ain't doin' no extra
