

Yeah

They playin' follow the leader, goddamn  
Bitch, I'ma jump in two-seater, I'm standin'  
Last time I checked, went off the meter, don't panic  
Know I be outside, shawty fuck with my antics  
Cut ties for that bullshit, she sayin'  
Don't let the tweakin' out get to your head  
Niggas part-time, real life, don't understand  
This ain't part-time, whole time been gettin' bands

Getting high from the graba  
Baby tell me she need that shit pronto  
Since a youngin' I been on that bullshit  
None of these niggas could say I been lil' bro  
Make sure the same shit that you were lit for, that you would kill for  
Like how she look, walk in once, see the dimples  
Background check on a ho, need the info  
Need the review, let me know what it's hittin' for

Every time you want to ask us to step back  
You won't get the call, but you might get a text back

Slide to UK, turn this shit to the X Factor  
They talkin' not 'bout the cash, then it don't matter  
Fuck all that small talk, get to the dough faster  
Hit from the back, she like, "Yeah, Tecca, go faster"  
Pull up in Cullinan, this shit ain't no Phantom

That's the real, yeah, why would I lie?  
Wipe your tears, yeah, why you been cryin'?  
Fuck them fears, you tryna get by  
Seen a lot, I been 'round the block  
It's a lot that I cannot decide
