

Forever Pop

Lil Tjay

Othello on the beat
You fire, ooh, ooh (Oh)
You fire
Oh

Everyday I walk with it, that's why I can't leave the crib without it
The day I ever caught slippin', boy, I doubt it
But, then you never know, you never know, nigga (Never know)
You never know when it's your time to go, nigga
I know I ain't satisfied with this, I'm tryna go bigger
I ain't lettin' nothin' in my way, I've been a go-getter
I can't even get this through my mind, how you go, nigga? (Never know
)

I always told you I just wanna see you glow, nigga
Rest my nigga Pop Smoke, know I'm lettin' shots go
At any nigga, fuck it, I inherited the opps though
Know I'm finna make it to the tippy-tippy top, bro, for you
I know that's all you wanna see me do
Can't believe this shit, can't believe this shit is true
Took you out your glory, who would've wanted to see you lose?
Woke up in the mornin', seen my nigga on the news
And I'm still like "Damn," tryna put together screws
Takin' deep breaths, recordin' this, I'm bustin' out in deep sweats
Mind froze, like I don't even got a reflex
Said a lot, but still it feel like I ain't even speak yet
Tryna hit a pocket that I still ain't even reach yet
But I still can't comprehend this shit, it hit me in the heart
Hungry young niggas, man, I seen it from the start
Put a .35 on my wood to try to shift my mind apart
It's different now, I know I always gotta move smart
Can't change nothin', we gon' let your name ring
A lot of niggas they won't feel us, they don't gangbang
I know how it feel to leave them trenches, did the same thing
Just tryna provide for mama, love her, help her maintain
Can't change nothin', we gon' let your name ring
A lot of niggas they won't feel this, they don't gangbang
I know how it feel to leave them trenches, did the same thing
Just tryna provide for mama, love her, help her maintain
Maintain, tryna help her maintain

I'ma say, give like a message to my young niggas, you feel me
Like niggas like us, coming where we come from
We can't afford to fuck up
We can't afford to slip up, make no mistakes, you heard?
'Cause, they watchin', and they, they want us to
You know what I'm sayin'?
We got all odds against us (Odds against us)
