Go Crazy

Lil Tjay

Ooh-oh, ooh
Ooh-oh, ooh-oh
(Shoutout to 808 Melo)

Only nineteen they expected me to change shit
Started chasin' dreams, in a year I was famous
Youngin' on the Billboard, came a long way from the gang shit
Know they must look at me like I speak another language
I be goin' off, off the top, put my city in a lock
Tried my shot, look, this is what I got
I couldn't wait, I guess some of us can relate
I wouldn't hate if I saw someone doin' great
I actually did, it motivated me and look at me here
Started thumpin' from the top of the year
All of a sudden bitches stop and they stare
When the watch wasn't there, they ain't believe in me, I didn't care
I could shit now, told them haters on my body put by dick down
'Cause everything I breath is a hit now
It's my own flow, I'm in my mojo, in my DM tryna chat you a
I could talk hot 'cause I'm on go
Even when I'm solo, niggas know I keep it on me dolo
Don't go runnin' to the popo
I been knew I would pass you
You just should've been my lil' bro bro
Truthfully I had your BM on the low low
In the Mondrian, oh no
Oh no, oh no, oh no, oh no, oh no, oh no

Money in my jeans, I done flexed up
I be feelin' like the best up
2021 is my best stuff
'Cause blue cheese I can get 'nuff
Niggas ain't beleive when I was next up
I was never a finesser
Had to go and get my own shit
I was always a progressor

Time, time, time to go crazy
Come right here, girl, whine for me, baby
Normally a nigga don't whine but you make me
When I get behind you, dutty whine pretty lady (Oh eh)
Two times, go crazy, wanna see it clap, ooh baby (Oh eh)
Two times, go crazy, I just wanna see you whine pretty lady

My life so crazy
Came from nothin' you gon' wonder what they pay me
My life so crazy
Swear the goal is to be richer than Jay Z, I can't stop now
I remember dreamin' foreigns with the top down
Now my life is movie, I'm in my spot now
Tryna hit the top now, swear I will not stop now
Don't try, don't try, you'll get shot down

Money in my jeans, I done flexed up
I be feelin' like the best up
2021 is my best stuff
'Cause blue cheese I can get 'nuff

Niggas ain't beleive when I was next up
I was never a finesser
Had to go and get my own shit
I was always a progressor

Bang, bang, body on the ground
All I hang around is drillers, nobody don't play around
Speak on Smelly, we gon' slide, we emptyin' out the town
And I hit it one time, I'ma get another round
I'ma shoot, shoot till I'm done
I'm really from the trenches, used to do this shit for fun
And I'm a young OG, I can't leave without my gun
I'ma rich young nigga, they wanna be me, they my sons
I'ma king, goat, soon to be a legend
Swear I been knew I could do it, could started at age of 7
I'ma goat, ain't got too much else to say
I still be reminiscin' all that time I put away
If you never showed disloyalty you here with me today
I can't have no fuck ups, I already found the way
Free all of them soldiers, I know Pookie on the way
Shout out to them niggas that stayed solid all the way

Money in my jeans, I done flexed up
I be feelin' like the best up
2021 is my best stuff
'Cause blue cheese I can get 'nuff
Niggas ain't believe when I was next up
I was never a finesser
Had to go and get my own shit
I was always a progressor

Time to go crazy
Come right here, girl, whine for me, baby
Normally a nigga don't whine but you make me
When I get behind you, dutty whine pretty lady (Oh eh)
Two times, go crazy, wanna see it clap, ooh baby (Oh eh)
Two times, go crazy, I just wanna see you whine pretty lady
