

# Grateful

Lil Tjay

Yeah, yeah (God's Child)  
I'm God's child  
Oh-oh  
I'm grateful, I'm grateful  
I'm grateful, so, so, so, I'm grateful  
Yes, I am, I'm grateful

Came home, got rich from a bid  
Matter fact, got rich from a kid  
Trust God, nigga still keep a cig' 'cause the past burnt out and we did what we did  
Told you I'ma change ways  
Lot of times, could've died but I lived  
Can not lie, could've died but I'm big  
Hope God not mad, but no lie, you my nig'  
I ain't really tryna say too much  
But honestly, I just really wanna thank you  
Whenever problems my way, I could bank you  
You was locked up, I had shackles on my ankles  
Now I'm livin' my life  
I remember when I thought I wasn't comin' home  
'Member when I thought I was alone  
Lord, please forgive, I was dumb and wrong

I'm grateful (I'm so grateful)  
I'm grateful (For everything)  
I'm grateful (So grateful)  
I'm grateful

Gotta thank God that I woke up  
Some people didn't, shit crazy (Oh)  
'Cause I'm still livin' fast, take a look in my past from the spot that I'm at, still amaze me  
Steer the youth right, I'm tryna be a leader  
It's a different phase, I want no hazy  
Non-violent, steady killin' these babies and innocent ladies  
Maybe, we could change this shit, one day at a time  
And it's crazy, I guess my angel's lookin' over, got me fine  
Body paralyzed, no lyin', the opps want me dyin'  
But death wasn't destined for me

More life, more life, woah, more life, more life, woah (More life)  
More life, more life, woah (Lord, Lord, I)  
God's child, God's child (I am, I am), God's child, God's child (I am, I am)  
God's child  
God's child, yeah, ayy  
I'm grateful, I'm grateful (Great), grateful  
I'm grateful (I'm grateful, grateful, I'm grateful)  
Lord, I am so grateful (Grateful, grateful, I'm grateful)  
Yeah, yeah, yeah  
I'm grateful, I am, I am, I am, I am, I am  
Grateful
