

Woah, yeah

Lil Tjay

So I'm skrrting off the scene in a foreign, see me goin' (Ooh)

Me and YG up in Cali smoking GT out the bong (Oh)

Shawty pulled up in a thong, I don't know what she on

If she ask to spend the night then I might give her what she want

(Dystinkt Beats)

Everything is going Gucci, see me Lou V

I can't let a nigga shoot me, I'm in a two seat

And before I speak about it, rather grab a loose leaf

Thirty clip of the dip, and I'm in a hoopty

And we spin the opp block with a mini Uzi

Had to send a couple shots, I been acting bougie

All the sudden all these thots let me in they coochie

They gon' make they pussy pop tryna get my blue cheese

Low-key I be in the streets tryna OD

Low-key 'cause the industry, I'm not the old me

Low-key started peeping niggas not my homies

Phony nigga ate that shit like macaroni

And I remember last year niggas went to Coney

Never thought that this year I'd have a deal with Sony

Lil TJay SB, I'm the one and only

And I just came home and everybody know me

If you want another G.O.A.T., guess you gotta clone me

Quit talkin' 'bout some loyalty you never showed me

Nigga, I don't owe you like you never owed me

Once I got a little clout, everybody know me

And we never had to prove this, we really do this

You was never in the field, you was on your school shit

Now my energy is boosted, my mind exuded

They gon' make a nigga lose it, they acting stupid

I got up out my Birkin, it's workin'

She said she a virgin, it's hurtin'

But she ain't never show me love when my pockets hurtin'

Now she see a nigga on, she fucking and slurping

And they see me puttin' on and it got them nervous

We don't never need to ball, I did it on purpose

And I used to play the block with the fiends, got some knots in my jeans

If a nigga talk hot, we gon' pop for his bean (Nah-nah)

I'm coming strong and they knew that

You ain't no competition, boy, don't think you wanna do that (I'm like)

You had your chance, but you blew that (Lil Tjay)

Everybody asking who that? (Oh, no, no, no, no)

The fuck going on?

Someone in my circle started leaking all my songs

I'ma stay ten toes, I'ma still go strong

I don't get these snake niggas, we just can't get along

So I'm skrrting off the scene in a foreign, see me goin'

Me and YG up in Cali smoking GT out the bong

Shawty pulled up in a thong, I don't know what she on

If she ask to spend the night then I might give her what she want

Fuck her one time, maybe two times if she too fine

Make your boo mine, I'm in the stu', this my new grind

I'm cooking up, I'm cooking up, ain't tryna lose time

I shoot it up, don't give a fuck, ain't tryna lose mine

Gangbang, growing up I was Stain Gang
Stain Gang, promise I was only tryna maintain
Lil TJay SB, that's the gang gang
Ask about me, bet they tell you how my name ring
And I know they gon' hate 'cause I'm up now
I'm at the point where I don't really give a fuck now
Free the guys, I'ma say it 'til they touch down
One day everybody have a bustdown

So I'm skirting off the scene in a foreign, see me goin'
Me and YG up in Cali smoking GT out the bong
Shawty pulled up in a thong, I don't know what she on
If she ask to spend the night then I might give her what she want
Fuck her one time, maybe two times if she too fine
Make your boo mine, I'm in the stu', this my new grind
I'm cooking up, I'm cooking up, ain't tryna lose time
I shoot it up, don't give a fuck, ain't tryna lose mine (Dystinkt Beats)
