

## Mixed Emotions

Lil Tjay

Know you want me for my bread, you ain't fucking wit' my head  
Try to push me to the edge, I reverse that shit instead  
You want me 'cause I'm on, you want me 'cause I'm on  
You want me 'cause I drip with the sauce that I got on  
I pop out with some Gucci, Cartier and Saint Laurent  
Got all these mixed emotions, got to put it in a song  
You want me 'cause I'm on, you want me 'cause I'm on  
You gold digging thinking I don't know what's going on

I love my niggas but y'all ain't treating me the same  
I never thought that ya would switch up on me for the fame  
Chatting on my name  
So call my phone, I'm a let it ring  
Call my phone, I'm a let it ring now  
Tell me what you would do  
If your day one nigga started changing on you  
We done been through a lot, ya act like ya forgot  
And I know a lot of niggas didn't want me to pop  
Got no love for a thot, I'm just chasing the guap  
Hollow shells for a nigga 'cause we play with them Glock  
So I stay with a chopp', I ain't saying a lot  
'Til Sandy come home, he gon' stay in the box  
They ain't feeling my pain, they must think it's a game  
I can't wait to take a picture next to Nicki and Wayne  
Do SB on the chain and I know I'm a stain  
If you run up on me I'm a have some shells for your brain

Henny, Patron got me feeling good  
The gang with me, wish a nigga would  
Stop playing with a opp when I'm in the hood  
I'm a keep making noise 'til it's understood

Know you want me for my bread, you ain't fucking wit' my head  
Try to push me to the edge, I reverse that shit instead  
You want me 'cause I'm on, you want me 'cause I'm on  
You want me 'cause I drip with the sauce that I got on  
I pop out with some Gucci, Cartier and Saint Laurent  
Got all these mixed emotions, got to put it in a song  
You want me 'cause I'm on, you want me 'cause I'm on  
You gold digging thinking I don't know what's going on

And I could spit some shit that ya just wouldn't comprehend  
It's fully Smelly drive and I'm riding to the end  
Hollow grip the clip extend, it's full for all your friends  
They claiming I'm a fail when my career just began  
Told the guys it's our year, right now it's our time  
I'm a always do my best to make sure everyone shine  
Long long time, we all gon' be fine  
I ain't never said contradicted none of my lines  
But I'm going through stuff, I think that I'm stressed  
Everyday I'm in the studio, ain't getting no rest  
That's the reason why the haters won't acknowledge that I'm next  
They hate me 'cause I'm coming strong, stepping on they neck

Why you hating on me? I ain't hating on you  
And niggas clout chasing like it's something to do  
I still don't understand, I swear everything new

And I'm hearing a lot of rumors, I don't know if they true  
I know you niggas too fake, they two-faced  
Always throwing shade, swear that shit amuse me  
You're not allowed to use me and use me  
I ain't got no feelings shorty, you a groupie
