

# No Cap

Lil Tjay

Yeah, no, no, no, no  
Yeah, no, no, no, no, no, no  
(Damn, VG, you made this?)  
No, no  
No, no, no  
Yeah, yeah, yeah

I'ma just stick to my brothers 'cause I know we all that we got  
Lucky I got me big chance, no I'm not missing' my shot  
I been investing myself, stackin' the wealth to head to the top  
I know niggas proud of my spot, I been gettin' money a lot

I tried to do better for niggas but they said whatever and ran after thots  
I'm tryna get cheddar with niggas but niggas ain't want it, they rather the  
block  
I think I upsetted some niggas 'cause niggas want handouts, I do not  
I'm speakin' in general nigga but nigga, the shoe fit, let it rock

I'ma keep coming don't stop  
Twenty two off finna change shit  
Really been working my ass off, each every day is the same shit  
I really plotted the shit, I was locked down, dreaming this fame shit  
Only thing left is to get to the top now, I'm going insane bitch  
Got what I wanted, I know I can't stop now, the feelings is nameless  
Got what I wanted, I know I can't stop now, it's whole lotta gang shit  
Still on the same shit, broke boy you ain't speakin' my language  
Now you see how the chain hit, don't reach now you see who I came with

Ain't nobody want smoke no more  
Strapped up no jokes no more  
Niggas know how we play in the field, I don't even wanna talk no more  
Told mama I'd get her a house, "You ain't gotta live broke no more"  
Told mama I'm makin' it out, "I don't gotta sell dope no more"  
You don't know about struggles I doubt, I don't gotta sell soap no more  
I don't gotta worry about winter time outside, me having no coat no more  
I remember the time I was tryna roll kush, that bro couldn't smoke no more  
I remember them times I'll never go back, I'll never go broke no more  
My soul can't hurt no more

Still I be feelin' the pain, honestly missing the game  
But I cannot go to the block, high profile shit changed  
I gotta work on myself but I swear the love is the same  
Guess it just come with the fame, silent I'll always remain  
I remember hitting the stu with my last bread, I was hoppin' the train  
I done lost so many niggas, my heart bled and it won't be the same  
Brodie just told me he think he might go fed, he ain't beatin' the thing  
Hop in the stu and I got in my bag shit, got me reliving the pain

Look at the drip I ain't playing  
Fuck is you sayin', I don't hear nothing you saying  
Try to run up and we spraying, leave you there laying, my shooters know wher  
e you staying  
They told me I get a body for free, "Don't worry about paying"  
Bro told me he catch a body for me, vice versa so fuck is you saying?  
Keep that bitch on me when in the house, while I sleep I can't even feel com  
fortable laying  
Could have really did time for shit that I did, I don't even feel comfortabl

e saying

So much shit on my mind I think all the time, it make me uncomfortable prayi  
ng

Hot shit on my line, I gotta decline, ain't tryna put another day in  
I gotta make sure my family eat, I gotta keep my lil' bro off the streets  
I gotta help my sister out in school, shit I be thinking about really too de  
ep

I know the kids watching so I preach  
I'm tryna send a message they could keep  
I want them trenches better, on they feet

Hope they get inspiration off of me

Don't ever limit anything you do

Shoot for the stars and that's where you will be

I had to find a way to make it through, so many niggas was hating on me

Waitin' on me, tryna knock me down, savages waitin' and preying on me

Niggas that's hated abandoned me

I'ma take over, stop playing with me
