Lil Tjay

I know  
They wanna turn me into Pasto  
Oh  
Lil Tjay

What you know about playing in the field?  
Growin' up, young niggas playing with a stick  
Never will I ever switch sides, I'm forever gon ride  
Smelly Drive, bro lookin' from the sky  
I know what it's like tryna duck 5-0  
I've been traumatized since they took my bro  
My whole fan base only gon' grow  
Clout goin' up so I keep my pole  
I know, they don't wanna see me glow  
I know, I know, I know, I know, I know  
They wanna turn me into Pa\$to  
I know, I know, I know, I know, I know  
They don't wanna see me glow  
I know, I know, I know, I know, I know  
They wanna turn me into Pa\$to  
I know, I know, I know, I know, I know

They tryna turn a young nigga into Pa\$to  
Dare a nigga name a place we cannot go  
Talkin' on bro, don't care, let the shots go  
SB niggas don't care what the [?]  
Swear I remember those times, block selling dimes, promise we all gon' be fi  
ne  
I got too much on my mind, bullets start flyin', sharpen and somebody dyin'  
I know, there's a lot to be grateful for  
Can't list all the things that I'm thankful for  
Could be somewhere in a cell, somewhere in the ground, but life's goin' good  
and I'm takin' off  
On the road, doing shows, finna take a tour  
Niggas mad, in they bag 'cause I'm making more  
Flexed up, can't fuck with no basic hoe  
Huh, lil bitch give me face and jaw  
You stupid niggas is mad at me  
Yeah I slipped, but nobody had accuracy  
Vice versa woulda been a catastrophe  
Vice versa woulda been a catastrophe  
Yeah  
Came a long way  
Used to sit up in my cell writing all day  
You ain't never show me love, don't you call me  
You don't fuck with me no more, what they all say

Came up but I'm never gon stop though  
Lil buddy but I always keep a chop' though  
Nigga not low, cook a nigga like Rosco  
Bodies droppin' all the time where the opps go  
I know, I know I'm finna' be the man  
Big S on my chest, call me Superman  
Niggas like "damn," holdin' out they hand  
I was in the can whole time thinking of a band  
Gotta stay 10 toes on my pivot  
Never gon' preach, nigga, something I ain't livin'  
Rats are forbidden, they could never be forgiven  
Sent my hitters on a mission, to assure that you ain't livin' now  
Give me that chain  
Take the profit and stuff it inside of my mains  
Who'd of ever think that everything changed?  
And I really wish that nigga treat me the same  
Gang  
Gang Gang  
Lil Tjay SB, really stain gang  
Used to wake up and juug just to maintain  
Used to wake up and juug just to maintain  
Gang Gang

Used to wake up and juug just to maintain  
All my life it was really the same thing
