

## Post To Be

Lil Tjay

Yeah  
Lil Tjay  
Yeah-ah

I still can't even go to sleep, you still can't get over me  
I thought you was real, how you fuck someone so close to me  
Messed me up emotionally, this ain't how it's 'posed to be  
And I know, I know, I know  
I still can't even go to sleep, you still can't get over me  
I thought you was real, how you fuck someone so close to me  
Messed me up emotionally, this ain't how it's 'posed to be  
And I know, I know, I know

You told me you was gon' hold it down  
All this time you hoed around  
Ain't no point explaining, I ain't capping, girl, it's over now  
This is from my heart, my soul  
I just had to let you know  
You fucked up up something good, you couldn't be with me on the road  
When I told you I'm gon' ride for you  
I ain't even lie to you  
So I'ma do what I'ma do  
And you move on if possible  
Figure that ain't optional, chasing after dreams now  
It ain't nothing stopping you, go ahead and leave now  
I can't slack, I'm back on my grind  
But last week I was losing my mind  
Never intended on doing you sly  
And it's gon' hurt when I leave you behind

I still can't even go to sleep, you still can't get over me  
I thought you was real, how you fuck someone so close to me  
Messed me up emotionally, this ain't how it's 'posed to be  
And I know, I know, I know  
I still can't even go to sleep, you still can't get over me  
I thought you was real, how you fuck someone so close to me  
Messed me up emotionally, this ain't how it's 'posed to be  
And I know, I know, I know

You said that I fucked around  
I feel like you let me down  
You don't even know who got me tripping with that run around  
This is from my heart, my soul  
Yeah I'm done with all that love shit  
I've seen that reflex, I no longer ignore it  
Telling more lies again, talking 'bout you sorry and  
You gon' have me scuffling, silly-ass bitches be troubling  
You fool me once, I get you twice back, look who's laughing  
You gon' be mad when I get tight and get to clapping  
I know you busy and back on your grind  
But, see, it's slow for you wasting my time  
I keep it pushing and going, get mine  
Just in, believe that I'm gonna be fine

I still can't even go to sleep, you still can't get over me  
I thought you was real, how you fuck someone so close to me  
Messed me up emotionally, this ain't how it's 'posed to be

And I know, I know, I know  
I still can't even go to sleep, you still can't get over me  
I thought you was real, how you fuck someone so close to me  
Messed me up emotionally, this ain't how it's 'posed to be  
And I know, I know, I know

I still can't even go to sleep, you still can't get over me  
I thought you was real, how you fuck someone so close to me  
Messed me up emotionally, this ain't how it's 'posed to be  
And I know, I know, I know (Stupid)
