

# Ride for You

Lil Tjay

I don't think you know what I go through  
Just tryna put a smile up on ya face  
Say I don't think you know what I go through  
Just tryna make sure that you living great

You don't appreciate, all you do is complain  
Put my freedom on the line, they can take it all away  
All you gotta do is wait and  
We gon make it all you gotta do is wait

I'm over here you over there I ain't picking up my phone  
I know you scared I'm grinding hard in the stu (studio)  
I'm always there  
Don't always tell you what I do I know you care  
But I'm just trying get the bag I know its there  
I sent you out to get a bag and do ya hair  
I know you figured that it's sad and it ain't fair  
But if a nigga get you mad you know I'm there  
So baby you should trust me, you fucking with a star  
Girl you lucky  
You would you would be a fool if you dub me  
I just came out here looking busty so I'm getting money  
Bitches wanna fuck me, and you should understand  
If you love me that I'm just trying do the best I can  
I got caught up in the moment the one night stands  
The one night stands but...

I'ma ride, I'ma ride for you  
I'ma, I'ma, I'ma ride for you  
I'ma ride for you, I'ma always find time for you  
That's why I find time for you  
I mean obvious that I'ma ride with you  
But if you playing I ain't trying waste no time with you  
Keep it real then I get on my grind with you  
But understand that I'm gon do what I gotta do, my mindset way different from a lot of dudes  
Running late I make sure you get a ride to school  
Nah not lying to you, not lying to you  
I'ma always find time for you ah

Man slow down, speed it up, slow down, speed it up  
Matter fact lay down lemme eat it up  
Pu punani with strawberry it's a decent lunch and I  
Can take you out to dinner if you wanna meal  
Lay back Netflix if you trying chill  
I treat you like you wifey so you know its real  
And I'll kill a nigga for you girl you know I will

I remember in the crib you was showing me the tricks  
And your spits made a nigga wanna kid, I was rolling that spliff while you riding my dick  
Feel ashamed that I came that quick  
Now you got me reminiscing bout the days I miss  
Other hoes play a part but they ain't my bitch  
They just wanna see us ruin our relationship  
Swear they wanna see us ruin our relationship  
But I love them good vibes that's what I deserve

Even though sometimes you irk me and you get on my nerves  
I could always make it better when I lift up ya skirt  
It surfs, yeah getting busy and I make that thing squirt  
Team work make the dream work, now I need a clean T-shirt  
Pussy tasted like a Tropicana out the freezer and  
When I see you, I know these bitches wanna be you  
And they don't even know about that Hurricane Katrina  
How I knock it out like we up in the arena  
I had them toes curled, but you ain't no ballerina  
Yeah that's mine and I love her like my Nina  
I keep her looking fly she might just pass it if you see her

Man slow down, speed it up, slow down, speed it up  
Matter fact lay down lemme eat it up  
Pu punani with strawberry it's a decent lunch and I  
Can take you out to dinner if you wanna meal  
Lay back Netflix if you tryna chill  
I treat you like you wifey so you know its real  
And I'll kill a nigga for you girl you know I will

I don't think you know what I go through  
Just tryna put a smile up on ya face  
Say I don't think you know what I go through  
Just tryna make sure that you living great  
You don't appreciate, all you do is complain  
Put my freedom on the line they can take it all away  
All you gotta do is wait and  
We gon make it all you gotta do is  
Wait  
Wait, wait, wait  
Wait, wait, wait
