Lil Tjay

Mm

Feels so good

Pussy blow me away

Mm, blow me away

The way you kiss me when I'm strokin' deep inside of it

I swear you ride it so good (So good)

That pussy blow me away

And I been thinkin' 'bout your smile

All mornin' for a while

'Bout the way you twist your face while I'm strokin' in and out

And now, girl you shocked me, I'm so wowed

Got me slippin', I'm like how?

First I met you on the 'Gram, I picked you up and took you out

Let me show you what I'm 'bout

Let them haters run they mouth

You should know you somethin' different 'cause I brought you to my house

Serve you breakfast on my couch

Anything you ever need you know I'll be there with no doubt

I need you by my side, I hope you're here to ride

I hate to see you hurtin', my lil' baby, wipe your eyes

Baby let me pull your dress down (Dress down)

Kiss you from your neck down (Neck down)

Have you screaming "Oh"

Baby just let me pull your dress down

Kiss you from your neck down

Have you screaming "Oh," them sex sounds

Baby I need you in my life, it's like there's no one there

Nobody, can I turn to you next time there's no one there?

I need that girl to match my loyalty when times get rough

I turn to you 'cause I know damn well you don't give a fuck

About them, let them niggas hate

Either way, regardless what they saying, we'll be great

Let's go explore the whole world, fuck the skippin' states

You got me feelin' different, I might let it go today

Mm-mm-mm, might let it go

Oh, oh, oh, might let it go

Mm-mm-mm, might let it go

Oh, oh, oh, might let it go

Baby let me pull your dress down (Dress down)

Kiss you from your neck down (Neck down)

Have you screaming "Oh"

Baby just let me pull your dress down

Kiss you from your neck down

Have you screaming "Oh," them sex sounds

Oh, oh-oh

Oh, oh-oh

Dress down, dress down

Oh
