

# Top of My Game

Lil Tjay

Woah, woah  
Oh-oh, oh  
Oh-oh, oh

They tried to tell me I wouldn't be shit  
Family doubted, I couldn't believe  
I had to focus and better myself  
Fightin' anxiety, smokin' these trees  
I got caught up tryna run up a juug  
Locked me up, felt like I'm never gon' leave  
Life is so rough, you ain't show me no love  
Time to be selfish and focus on me  
Niggas tried tell me I wasn't gon' win  
They tried to knock me up off of my grind  
Ain't motivated, then get out my face  
Negative energy, left it behind  
I made a promise, my niggas gon' ball  
Judges can't hold me to finish this time  
Gotta stay toe, we ain't never gon' fold  
Smelly ain't here, but for him we gon' shine

Still play the block, it ain't changed  
I'm just tryna help the guys and maintain  
How the fuck you tryna prove somethin' to me?  
You ain't even at the top of your game  
How you got them niggas rockin' your chain?  
22, the sound pop in your brain  
Last nigga tried to snake me dead  
On God, I ain't finna play with no lame

Hop in the foreign, switch lanes  
AP, no Jane, bro made a hundred off 'caine  
VVS diamonds, my chains  
Everything changed, lifestyle just won't be the same  
Mama know this year my time  
Low on my mind, I can't let up off the grind  
I won't leave no one behind  
We finna shine, listen, just give me some time

Somethin' different 'bout the life I live  
And the games we play  
All the pain we done been through  
Will I change? No way  
Somethin' different 'bout the life I live  
And the games we play (Games we play)  
All the pain we done been through  
Will I change? No way

Mama know that I'm a bright kid, only eighteen  
Always knew that I would get here, had a bright dream  
Now I'm headed to the top now, me and my team  
We're no longer on the block now movin' ice cream  
Feedin' into the bullshit, I gotta stop that  
And I can't fuck a bitch if her shit is not fat  
And I'm cruisin' through my city, finna push the top back  
And AMIRI on my waist, so I keep the strap back  
You don't really want smoke

Still play the block, it ain't changed  
I'm just tryna help the guys and maintain  
How the fuck you tryna prove somethin' to me?  
You ain't even at the top of your game (No, no, no-no)  
How you got them niggas rockin' your chain?  
22, the sound pop in your brain (No, no, no-no)  
Last nigga tried to snake me dead  
On God, I ain't finna play with no lame

Somethin' different 'bout the life I live  
And the games we play  
All the pain we done been through  
Will I change? No way  
Somethin' different 'bout the life I live  
And the games we play (Games we play)  
All the pain we done been through  
Will I change? No way (No, no, no, no)

No, no, no-no  
No, no, no-no  
No, no, no-no
