

# Answer My Prayers

Lil Tony Official

Lord, answer me when I call you  
Oh God, declare me innocent  
Have mercy on me, please hear my prayers  
And slay off all my enemies  
They try to ruin my reputation  
With all these accusations  
But I know no revelation gonna come  
Unless I get tribulation

And you can be sure of this loss is part of God  
Walk by faith, not by sight  
He'll answer you just call Him  
Don't let anger control you – think twice  
Then sit back and be silent

Key, Lord, show us better times  
Let Your face smile on us  
God, make me a star  
I don't care about who else shines on us  
He give me something to drink  
I really ain't think  
Who got more wine than us

In peace I lay down and I sleep  
Constantly begging for forgiveness  
I ain't felt like myself in a week  
I had to go up and get it  
You guys said, "Man don't work, then he do not eat"  
Table shame – I would chase lil bro on feet  
'Cause he thought it was sweet, but he still got away  
I know for fact, that God saved that man that day

Lord, answer me when I call you
