Drop the banner on my head went out to work the same night  
He was tryna hit I told him grab the blick I can't fight

And he play [?] cut off his fingers so he can't type  
Know a nigga like to hoop and shoot, but he can't right  
Dropped a hundred on a lawyer could've flipped it on a dice  
Real trench baby I seen my auntie geeked up doing ice  
I'm a real brick baby I got a couple partners doing life
