Lil Tracy

She sucked on my dick at the studio, so I had to record it
All of these hundreds, blue, like they related to Corbin
Oh..My shoes?, yeah, Hermes, and they costed a fortune
According to my calculation, you can't afford it
Strawberry cookie, I'm eating the pussy
Boy you broke as I used to be, better get a J-O-B
And my bitch is a blondie, she suck me on repeat
Then I jumped in the black jeep, and I'm bumpin' that Lil Peep

Okay, I'm hot as fuck, I got these boys runnin' for shade
I'm like a fat ass nigga, I just want some cake
She got a fat ass, I might eat it like some cake
My diamonds wet, feels like I'm drownin' in a lake
Who the fuck are you? I'm not sure
My coat Moncler, and it got coyote fur
I'm Paris Hilton when I shop because I splurge
He bought a whip, oh you could've bought a verse
That bitch a nerd, and her brain is so superb
Jumped off the stage, used to ollie off the curb
My bitch is mean, she told me this dick is hers
Then I agreed, then proceeded to insert
Dropped out of school, but I know how to count them racks
Dropped out of school, but I'm rich and I got class
Dropped out of school, but I live better then my teacher do
Dropped out of school, but I swear I could be teaching you
Bitch I'm glued to this paper
Not talking money, then I need a translator
Fresh water on me like a alligator
You ain't shit if you don't have haters

She sucked on my dick at the studio, so I had to record it
All of these hundreds, blue, like they related to Corbin
My shoes, yeah, Hermes, and they costed a fortune
According to my calculation, you can't afford it
Strawberry cookie, I'm eating the pussy
Boy you broke as I used to be, better get a J-O-B
And my bitch is a blondie, she suck me on repeat
Then I jumped in the black jeep, and I'm bumpin' that Lil Peep
