

I can't help but wonder  
How are you alone?  
Open up your soul  
Open up your phone  
Take down fucking Yung Bruh  
Text me, do you feel the love?  
I smoke the best weed, stress free  
Forget your ex, he is messy  
I can't help but wonder  
How are you so elegant?  
Have you ever made love with a Flexican?  
I'm down with the thots now  
Silk fabric shotty bitch I'm hot now  
Fake niggas wanna give me props now  
You try to fuck my girl but she on lockdown  
Silly boy stop 'fore you get chopped down  
Foreverboys bitch I can't stop now  
I got a lot of kush like a crock  
Girl you look like LSD I'm tryna cop now  
I can't help but wonder
