Bitch, I'm Lil Tracy and I'm smoking dope
I'm finna cop a white Mercedes to pick up my hoes
Last night I had a dream I was switching lanes
With a pretty witch in a Escalade
She had angel wings and diamonds on her face
I can't remember but she told me her name
I can't worry 'bout that 'cause now I'm on my way
Bitch, I'm Lil Tracy, just tryna stack up cake
I used to be homeless, had nowhere to stay
Now I'm a angel gloing up, I'm flying away

Aye man, Yung Bruh, Souljah Witch
Lil Tracy, man (Flying away)
This that Thraxxhouse shit (GBC shit, bro)

She said she wanna date me, but I got too many hoes
Dressed black and pink when I hit the scene

She wanna quit her job just to fly to me
I'm not tryna hate but tryna fly to me
Tryna act like you real, bro, stop lying please

I don't care about shit anymore, bruh
Shout out Mackned, pour a 4 bruh
Got a face tat, and the hoes know
Told the bitch give me everything like polo
I'm in LA chilling with the cholos
