

Element

Lil Tracy

Okay, I'm tatted head to toe
I'm in my element
Okay, I'm tatted head to toe
I'm in my element

I'm in my element
I got a rope around my neck like a skeleton
When I pull up, dressed in black
But I'm not heaven-sent
So when you see me, on my grind
I'm in my element, I'm in my element, I'm in my element
I got a rope around my neck like a skeleton
When I pull up, dressed in black
But I'm not heaven-sent
So when you see me, on my grind
I'm in my element, I'm in my element, I'm in my element

I'm in my element extraterrestrial intelligent
I went to hell
Even though I'm heaven-sent
They love you more when you turn into a skeleton
They love you more when you turn into a skeleton
Okay, I'm tatted head to toe
No, it's not a spaceship
It's the black Benzo
I can't even move my wrist, it's too froze
I can't even move my wrist, it's too froze

I'm in my element
I got a rope around my neck like a skeleton
When I pull up, dressed in black
But I'm not heaven-sent
So when you see me, on my grind
I'm in my element, I'm in my element, I'm in my element
I got a rope around my neck like a skeleton
When I pull up, dressed in black
But I'm not heaven-sent
So when you see me, on my grind
I'm in my element, I'm in my element, I'm in my element
