

## Fire In The Sky

Lil Tracy

I'm fucking that bih like a pornstar  
Then I dipped, then I dipped out of the foreign car  
I'm on my grind, Darkstar  
I'm on my grind, Darkstar  
Jumped off the porch, then I dumped in the Porsche  
She said she like Chanel, I said I like Dior  
She asked me if I like her, I told her "baby of course"  
That boy stole my swag, I should take him to court

Yeah I'm on my grind, spit fire  
Aye I got the keys, Kingdom Hearts  
No you cannot play with me  
No you cannot take the heat  
Yeah there's a fire in the sky tonight  
So bright I can the Sun  
And I don't know why they gotta lie  
There's a fire in the sky tonight

I'm fucking that bih like a pornstar  
Then I dipped, then I dipped out of the foreign car  
I'm on my grind, Darkstar  
I'm on my grind, Darkstar  
Jumped off the porch, then I dumped in the Porsche  
She said she like Chanel, I said I like Dior  
She asked me if I like her, I told her "baby of course"  
That boy stole my swag, I should take him to court
