

Her

Lil Tracy

I wish that you were close to me
But you don't even notice me
I would sell my soul to hold your hands
Baby, we can glo and count hella bands
Baby, we can glo and count hella bands
Baby, we can glo and count hella bands

Baby, we can glo and travel the lands
Smoke out of the bowl, get high as we can
Let me have your soul, just give it a chance
I'm THRAXXHOUSE, I'm a goth boy
I need a goth shawty 'cause I'm so lonely
I'm smoking kush all by myself
I'm on Twitter just watching you
I wanna tell you how I feel
But I can't 'cause I'm scared that you won't feel the same
Tonight I'm gon' fuck a thot
Just to get you out my brain

I wish that you were close to me
But you don't even notice me
I would sell my soul to hold your hands
Baby, we can glo and count hella bands
Baby, we can glo and count hella bands
Baby, we can glo and count hella bands
