

Hot Topic

Lil Tracy

I don't have a job, but I'm still shopping
Everybody know I'm a Hot Topic
Club lights flash now I'm in the mosh pit
I don't have a job, but I'm still shopping

I just wanna wake up in a new world
It's still the same me, but I'm with a new girl
Whipping the Mercedes it go skrt' skrt'
Living life my way I'm in my own universe
I don't have a job, but I'm still shopping
I been hearing voices inside my conscious
The telling me to slow down
But I'm ballin' so I can't right now

I don't have a job, but I'm still shopping
Everybody know I'm a Hot Topic
Club lights flash now I'm in the mosh pit
I don't have a job, but I'm still shopping

I don't have a job, but I'm still shopping
Everybody know I'm a Hot Topic
Club lights flash now I'm in the mosh pit
I don't have a job, but I'm still shopping
I don't have a job, but I'm still shopping
Everybody know I'm a Hot Topic
Club lights flash now I'm in the mosh pit
I don't have a job, but I'm still shopping
