

# I Don't Want To Ever

Lil Tracy

I don't want to ever fall in love now  
All I ever do is count up now  
I don't want to ever fall in love now  
All I ever do is count up now  
Yuh, count it up, yuh, yah yah yah

Pull up to the castle in a Benz truck (skrt)  
Wrist drippin' blood now from them diamond cuts (blood)  
I need some racks or I ain't showin' up, I love these racks  
I don't ever want to fall in love  
But I already fell in love with these drugs  
Poppin' these pills I might drop one inside the cup  
Lord why do I have to wake up? (Lord why? Lord why?)

I don't want to ever fall in love now  
All I ever do is count up now (count up)  
I don't want to ever fall in love now  
All I ever do is count up now (count up)
