I live lavish, I live lavish  
Caught a Lyft and I pull up with a bad bitch  
She so attractive, I don't fuck with ratchets  
Smoking dope, watch me blow away the ashes  
Gotta be careful, can't get nothing on my fabric  
Oh, that's your bitch? I can tell by how she acting  
Niggas beefing over pussy, you can have it  
Come 'round here, my cousin Buku get to clapping  
I act bougie to you niggas, I'm too lavish  
My bitch bougie, wearing Gucci like an actress  
I was out, you was updating your status  
You sellings 10's and you talking 'bout you trapping?

I live lavish, Gucci on my waist  
My bitch the baddest, got my hands 'round her waist  
Expensive fabric, smoking blunts to the face  
You niggas acting, get the fuck up out my face  
I live lavish, Gucci on my waist  
My bitch the baddest, got my hands 'round her waist  
Expensive fabric, smoking blunts to the face  
You niggas acting, get the fuck up out my face
