

Switchblade In The Club

Lil Tracy

When I hit the club switchblade on me
Hangin' out the Gucci belt, fuck them who hate on me
I copped my princess one too
Hers is pink and mines is too
When I hit the club switchblade on me
Hangin' out the Gucci belt, fuck them who hate on me
I copped my princess one too
Hers is pink and mines is too

I'm so kawaii, I be in the parties
Switchblade hangin' off me, shawty choosin' on me
Niggas plottin' on me, angels all around me
Baby, do you love me? Pink Hello Kitty
Don't hang on me, you don't even know me
Call me Lil Tracy, call me Lil Nosebleed
I be havin' bad dreams, wake up cry gemstones
And my eyes still closed, keep the switchblade closed
Bitch I'm blowin' out smoke, shawty blowin' out smoke
Cast a spell on her, she don't cry no more
Live fast, die slow, Souljahwitch rhinestones
Broken gems on the floor, I don't cry no more
