It's Yung Bruh

This that real vampire love shit
You know I'm eternal right?
This that mental connection shit
That elegant vampire shit

Bitch I'm Yung Bruh make your girl fall in love
I ain't even say wassup we made eye contact once
Girl I can read your thoughts and I know what you want
Meet me in the forest we gon' smoke on a blunt
Vampire boy bite your ho on the neck
She got all her clothes on but she still dripping wet
Girl I love your soul yea it's deeper then sex
Wanna be a vampire follow me to my nest

I can only turn you into a vampire if we're truly in love so
Might take a while
