How are you alone?  
Open up you're soul  
Open up you're phone  
Take out my fucking number  
Text me when you feel alone  
I smoke the best weed stress free  
Forget you're ex he is messy  
I can't help but wonder  
How are you so elegant?  
Have you ever been in love with a flexican  
I'm done with the thots now  
Silk fabric shawty bitch I'm hot now  
Fake niggas wanna give me props now  
You trynna fuck my girl but she on lock down  
Silly boy stop 'fore you get chopped down  
Foreverboys bitch I can't stop now

Girl you look like LSD I'm trynna cop now  
I can't help but wonder
