

## Weekday

Lil Tracy

Yeah I'm turnt up on the weekday  
I'm with a bad one she don't know how to behave  
I like Ricky like LV  
And we both rich Uzi and JT  
I like foreign whips I like driving top speed  
Took steps to the top feeling like I'm Rocky  
We ballin' hard see it from the nose bleed  
Made 24 racks feeling like I'm Kobe

I think back to the day you met me  
Now I'm gone and I feel so lonely  
All up in the brand-new Mercedes  
New lady look like Avril Lavigne

She a skater girl, I'm a skater boy  
I be grinding, no (no) lying  
I know she's the one I'm like a sidekick  
She said should she rock the Fendi or Chanel, she indecisive

She rock Hot Topic, I rock Osiris  
Jump into the mosh pit, our love is toxic  
And I'm so sick now, sike, I got a virus  
On a weekday, yeah, I'm self turned up I can't see straight  
I'm white boy, wasted like I'm Gucci Mane in 2008

Yeah I'm turnt up on the weekday  
I'm with a bad one she don't know how to behave  
I like Ricky like LV  
And we both rich Uzi and JT
