

BURNING THRU

Lil Twist

I got that torture
She got that fever
Fire burning I'm her creature
Come back and teach ya
Come back and eat ya
Ooh
I could still her smell on my finger
Let me go deeper
She drip like a freezer
And shaped Ms. Dreka
I'm saving her number under cc's pizza
And just placed a order like football season
Give me a reason

Smoke in the air
She walk around now it's wet everywhere
And it's like she don't care
Cause panties she don't wear
I said ok that's fair
Then beat it like a snare
If u loving that bitch then buy her some new hair
If she loving lil twist I take her like a dare
I take her out the country
I don't even care
As long as she's here
As long we there
Huh, yea

Right here with me - in my B.E.D
She suck this dick like she ain't got teeth
She got good rhythm - do it to the beat
Miami this week
We gon' fuck on the beach
Yea I know a place
Used to stay up the street
U can move in with me
Come and pick up ya keys
The day u lose ya freak
The day I throw the peace
Can't switch up the plans
Don't fuck up the dreams
Like a true leader
Lead her upstairs
But please leave ya clothes by the theater
We'll make a movie
Upload it on tubi
And tell all ya people
What they gone do with us?
We'll get our viewers up
I love the way that she scratching my back
Like she love the way she get her booty touched
Treat her like Food

Soon as I shoot girl, now I'm in the mood girl huh
Like, boop boop boop boop
I love that shit that u do
I need a perc to regroup
