

Dynamic

Lil Twist

Yep, I'm dynamic
Roof is panoramic
Scale on me, we can gram it
Yep, touchdown – pack on me, it just landed
Head straight to LAX, it's like I'm picking up the family

Good cookies, like I got these hoes from granny
I just pulled off in a Lammy
I swear life been fine and dandy
Inside butter, outside candy
Screaming rest in peace to Larry
Might just po' up in a Starry
Oops, a Starry – yeah, I'm sorry
Whatever you call it
Smoke out the office
Neck is a faucet
Ship out the orders, sell to ya artist
Living like Big X – Twizzy the largest
Twizzy the target, trap out apartments
Now we in Rarris, horses like Charlie's
Ain't shit funny like Steve Harvey
Drugs got me crazy, I'm Gnarls Barkley
Truck with a sign on the back: say pardon me, nigga

Yep, I'm dynamic
Roof is panoramic
Scale on me, we can gram it
Yep, touchdown – pack on me, it just landed
Head straight to LAX, it's like I'm picking up the family

This shit is volcanic
Slide and I lit up the planet
Walk in the room and they panic
Pull up in Ghost, and they frantic
Like a mechanic, tool on me, cause havoc
Big shit, gall bladder, cosmic energy – I blast it, all shattered
Me and Twizzy organic
Glock switch, a calmatic
Box Chevy, a Porsche classic
All this street cred, I can go...
Took my shot and revamped it
I can tell the vision clear, with no static
My girl stuck up like an attic
Baby, I'm fucked up, I'm an addict
Long as I keep it, I'm never regrettin' the fact that I had it

I got them keys, and them nigga igniting the negative Nancy
I put a pack in a leaf, and I'm leaving it all in my family
Bitch bad, and she just freaky as me, sick with my savage, god damn it
20K on the carrots, watch out – my plug Phillipe, I call him Patek
Pop out Crips and Bloods on my B-day and tore up "Status"
She adopted, I adapted
You dying, I'm dynamic
Automatic!
