

I Wrote This Song For You

Lil Twist

Young .. young mula baby
She got me patiently waiting always thinking for her love
And I've been meaning to tell ya ' girl how I feel bout us
So let me take the time, so speak my mind because I wrote this
Song for you (wrote this song for you).
And baby I know; you ain't use to me but
I can be the man you need, you know it to; that's why I wrote
This song for you (wrote this song for you).

Yeaah, I wrote this song for yous 'ah, don't worry bout them
Other losers' I would neva use ya. Think enough like a zombie
Baby I would neva sculze ya and no need for a lost and found
Cause I would neva lose ya. If I had ya I would grab ya;
Every part of me is an example, so I sat back and thought
That I would give you a sample of "TWIST" I mean "CHRIS"
That's who you needa know; and when I see ya on stage girl
You like the walking float. welcome to the twista show, I swear it's
Not straight to go, and I hope that one year block game nothin
To my pick and roll. so I picked and rolled, now girl lets go;
On to the next thing, our love is rolled up, let's go.

She got me patiently waiting always thinking for her love
And I've been meaning to tell ya ' girl how I feel bout us
So let me take the time, so speak my mind because I wrote
This song for you (wrote this song for you). and baby I know;
You ain't use to me but I can be the man you need, you know it to
That's why I wrote this song for you (wrote this song for you).

Make a minds, tell and tale. keep on driving I might as well
I don't get down like man oh well, if time will fail; then
Time will sail; Lil' mama bad and all, mama sad and all
How ya acting yall yeah, if she blow me off then I'll play it
Off say nothing ever happend yall.
Cause when I see ya pretty face, don't give up all ready
I be like oh no baby I should though, and I'm trying not to dance
I see the way you lookin at me; man I hope so, saying damn
I want her. yeaah.
And we can ball in any way you want to, the other side
Feels good don't it and you know that it's true, that's why
I wrote this song for you.

She got me patiently waiting always thinking for her love
And I've been meaning to tell ya' girl how I feel bout us
So let me take the time, so speak my mind because I wrote
