

Missing Covers

Lil Twist

I know we need each other, I do

I know we need each other
We act like kids when we see each other
She trust me and I trust her
So we don't need a rubber oh
Good sex equals missing covers
Wake up early just to get another

Oh missing covers, missing covers, missing covers
She in trouble
I just poured a double
Shot
Not ciroc
It's 42 on rocks
She call me over just to hit her spot
Oh missing covers, missing covers, missing covers
She in trouble
I just poured a double
Shot
Not ciroc
It's 42 on rocks
She call me over just hit her spot
Oh!

Ayyyyyy
Ohhhhh
Alright
It go...

Leave the door unlocked
I'm coming in, in just a robe and socks
And she already know what time it is
Just by the way I knock
All four corners
I beat the box
Bernard hop
Now I make her run from this dick
It's like she saw a cop

I'm under cover, under covers, under covers
She in trouble
I just poured a double
Shot
It's not ciroc
This is Gin and Pop
She call me over, when her pussy hot
Oh missing covers, missing covers, missing covers
She in trouble
Boy I poured a double
Shot
It's not ciroc
Boy it's Gin and Pop
She call me over, when her pussy hot
Oh!
