

# Time Square

Lil Twist

It's only love in the air  
When we time share  
Yea the middle of New York  
In time square  
She only had to text me once  
Blink and I'm there  
Stand in front of the bodegas in monclers  
I gotta gun in my pocket  
Put the cash in hers  
I roll 2 seat  
The Tahoe for the passengers  
All this purple in my leaf  
I'm smoking lavender  
Ya last dude was amateur  
I check my calendar  
We fly out with no managers

Don't need no one in our business  
So baby, leave ya cameras  
The way I pop my shit, I need a janitor  
Flying out to Canada, to pamper her  
Last nigga, must wasn't having!  
Or maybe wasn't man enough  
Like, Who gives a fuck?  
I pick her up  
Blow a bag and live it up  
And we gon hit a doctor, go and get a bigger butt  
If she want some bigger titties, we can go up a cup  
I'm doing anything that she wants

It's only love in the air  
When we time share  
Yea the middle of New York  
In time square  
She only had to text me once  
Blink and I'm there  
Stand in front of the bodegas in monclers  
I gotta gun in my pocket  
Put the cash in hers  
I roll 2 seat  
The Tahoe for the passengers  
All this purple in my leaf  
I'm smoking lavender  
Ya last dude was amateur  
I check my calendar  
We fly out with no managers

She so bad  
When she around, she bring extra haters  
Tell em Nike clothes down  
We gone check you later  
Icy all brown Benz with some extra paper  
Shorty, the baddest in her class like a second grader  
Nothing but checks, no checked bags  
On private jets, I take her  
Where ever she want go  
We never be on the low

Big stepper, Big war for respect  
You know she mine  
Cause she tatt'd "Slick Talk" on her neck  
Ahhhh

It's only love in the air  
When we time share  
Yea the middle of New York  
In time square  
She only had to text me once  
Blink and I'm there  
Stand in front of the bodegas in monclers  
I gotta gun in my pocket  
Put the cash in hers  
I roll 2 seat  
The Tahoe for the passengers  
All this purple in my leaf  
I'm smoking lavender  
Ya last dude was amateur  
I check my calendar  
We fly out with no managers
