

Feelings Mutual

Lil Uzi Vert

And I want you to know something very important before I even start this song

Something very important before I even start this song

I can't feel no more (Feel), no

I can't feel no more (Feel)

I told myself that I wasn't gonna pop no pills no more, no

I can't feel no more (Feel)

I can't

I can't feel, no

I can't feel, I can't feel (Yeah)

I can't feel, my body's numb

Maybe 'cause I am so hurt (Yeah)

I feel the pain in the rain (Huh?)

Tell me, what's my time and worth? (Worth)

Not my first merry-go-round

Not my first merry-go-round, yeah (Chee)

Living life just with a curse (Huh?), before I go in a hearse (Chee)

Told you that I love you first

Told you that I love you first, ooh

Nowadays I gotta swerve you (Yeah)

I took you out of those fur boots

Back then I saw no one but you

Gave you my racks and I splurged too

Calling my phone and I curved you (Yeah)

Hope this song really don't hurt you

AP froze (What?), time so slow, yeah, hit reverse (Yeah)

Margiela all on my coat (Coat)

Got buttons, but leaving it open (Open)

So they can all see my shirt (My shirt), Rick Owens all on my shirt (My shirt)

I can't believe I made it out the dirt

That was back then when my pockets was hurtin'

Pockets so stuffed that them shits still be hurtin'

Walk with the Goyard, they say its a purse

Louis scarf, on me it look like a curtain (Yeah)

My main girl a doctor, my side girl a nurse

They keep on talkin' (Why?)

They keep on talkin' (They hatin')

All these girls up in the club, why you lookin' at Vert? (Why?)

I am not worried because when my niggas come, they gonna need a white curtain (Yeah)

Your boyfriend hate my Bad and Boujee verse

She gave me head so I called her a nerd

What is all this fighting all about?
It's still bodies that I'm finding out (Yeah)
It's still bodies I don't know about (Huh?)
So many bodies like a murder trial
Used to say that it's word of mouth
But I love you so you're bondin' out

Grandma and Mom love you now
I'm so high, I ain't comin' down (Oh, talk to 'em)
