

Today!!

Lil Uzi Vert

Know I'm getting money, had to flood my wrist today, yeah
Heard you go with her but that's my bitch today, huh?
Driving in the Lamb but I'ma get the Wraith, yeah
Now I'm gettin' bands, that girl all up in my face, what?
Now I'm getting money, had to flood my wrist today, yeah
Heard you go with her but that's my bitch today, huh?
Driving in the Lamb but I'ma get the Wraith, yeah
Now I'm gettin' bands, that girl all up in my face, what?

I already fucked so I can't take you on no date (Damn)
I was watching Food Network to learn how to make the cake (Brrr
!)
You don't understand how I made it
I don't understand how you tryna hate (Brrr!)
Stop all that savin', no, no cape
Colors and chains look like Bape (Brrr!)
I play with her kitty like hello (Whoo)
All my jewelry is real metal
Your style stale like a chip in a kettle
Flowers on that Murakami and petal
Listen, I be outside like a night owl (Huh)
Tryna be my friend, tryna cop out
All of my visitors shot out (Huh)
Jump in my whip, now the top out
Jump in my whip, bring the lot out (Damn)
Look at my pockets, they stuffed
'Cause you know I bring the lot out
I kill a beat like a drop out
Don't wanna fuck, then bitch hop out (Brrr!)
Come on bitch, right now
Count so much I need to lie down (Brrr!,Brrr!,Brrr!)

Know I'm getting money, had to flood my wrist today, yeah
Heard you go with her but that's my bitch today, huh?
Driving in the Lamb but I'ma get the Wraith, yeah
Now I'm gettin' bands, that girl all up in my face, what?
Know I'm getting money, had to flood my wrist today (Brrr!), ye

Heard you go with her but that's my bitch today (Brrr!), huh?
Driving in the Lamb but I'ma get the Wraith (Brrr!), yeah
