

## Act Up

Lil' Wayne

Uh, I put bitches on and they turned on me  
They throw that pussy at me then throw dirt on me  
But, I know bitches change, so, I'm used to it  
And, I'm stuck up in my ways, so, I get like this  
When I hit it from the back, you turn your back on me  
You turn your back on me  
Why you turn your back on me?  
You turn your back on me, think that's why I act like this  
That's why I act like this  
Think that's why I act like this  
That's why I act like this

That's why I act up  
Stunt hard, act a ass, bitch don't test me  
You know I'm a cut class, bitch, I go hard  
Leave the past in the past, huh  
She say I'ma end up by myself, but I ain't mad 'bout it  
I brought hoes in here  
I brought drugs and hoes in here  
I see my five in here, he told me my slime in here  
R.I.P., the Percocet got nigga restin' in pieces  
Ooh, I bust on the shit and her breasts, she gon' wear it and eat it  
Ooh, I put the dope dick on her best friend, they sharin' a needle  
Ooh, I play with her clit' like a tech 'til my fingers are bleedin'  
Uh, I smell all of the lies on her breath when she tell me she need me

Uh, I put bitches on and they turned on me  
They throw that pussy at me then throw dirt on me  
But, I know bitches change, so, I'm used to it  
I'm stuck up in my ways, so, I get like this  
Hit it from the back, you turn your back on me  
She turned her back on me  
Why you turn your back on me?  
You turn your back on me, think that's why I act like this  
That's why I act like this  
Think that's why I act like this  
That's why I act like this

Uh, I'm so careful, but, today, I can care less  
Beat my chest  
She so bashful, but she made me squeeze her neck  
Held her breathe  
She so carin', but, tonight she just don't care for her  
So unwell, when and where? We might go there, we need air  
I won't hurt you, I won't hurt you, it's a virtue, and I'm too weak to wait  
If I hurt you, I reimburse you

Uh, I put bitches on and they turned on me  
They throw that pussy at me then throw dirt on me  
But, I know bitches change, so, I'm used to it  
You got me stuck up in my ways like glue, lil' bitch  
I hit it from the back, she turned her back on me  
She turned her back on me  
Why you turn your back on me?  
You turn your back on me, think that's why I act like this  
That's why I act like this  
Think that's why I act like this

That's why I act like this  
Think that's why I act up
