

Bein Myself

Lil' Wayne

I'm just bein', bein' my, myself
I'm just bein', bein' me, me, me, me
Nobody but me
I'm just bein', bein' my, myself (Moi)
Don't try to make me somebody else (Yeah, yeah)
I'm just bein' myself (Yeah, yeah)

Uh, I'm just bein' my own self
Dwayne Carter, I was in that water before Phelps
Saw my father whip the cocaine 'til he saw welts
Saw so many motherfuckin' C-notes, I'm tone-deaf
Saw my grandmother drink herself to her own death
Lost both of her feet, but never lost one step
Take a long break 'cause grandmother gone, yes
Pop a rollin' stone and he still ain't come home yet
I dealt with some shit, I ain't spray the cologne yet
I stand on business in some Nikes that niggas won't check
I blew up before y'all niggas was bomb threats
Get off my lawn because your lawn chair ain't a throne yet
So comfortable in my own skin, you snake skin
Rather be my motherfuckin' self than your fake twin
Amen, I be everything they ain't been
And I'ma be frank for my Franklins, amen
Again, I be everything they ain't been
And I'ma be frank for my Franklins, thanks, man
It could be AI, it still ain't him
And if it ain't my YM, we ain't them
Be yourself, nigga, no one else, nigga
I need myself, nigga, I don't need no one to help, nigga
Be the best, nigga
And if ain't bein' myself, I'm possessed, nigga
Weezy F., Mannie F., that's for fresh niggas

I'm just bein' myself, just bein' myself
I roll with myself, make peace with myself
I give all of myself, not piece of myself
No starvin' myself, I eat you myself
Do a song by myself and feature myself
DJ, play nothin' but me
(Me, and I can't be nothin', just me)
(Just me, and you can't do nothin', trust me)
(Don't try to make me somebody else)
(I got to be myself, myself, self, yeah)

Ahem, uh, I'm just bein' myself
I'm feelin' myself just to see what I felt
She touchin' herself, she reliev'in' herself
So I'm excusin' myself, let her be with herself
So full of myself, I OD off myself
I don't talk to myself 'cause I speak to myself
Like self, keep to yourself, I fuck her, then I sleep with myself
Make peace with myself 'cause she just want a piece of my wealth
Increasin' my wealth, I'm pleasin' myself
Fall in love with myself and never cheat on myself
I treated myself, never beat up myself
I got a whole gang of B's, but I be to myself
I'm me to myself, and me, I'd love to meet him myself

I'm big daddy, lil' daddy, don't make me get my belt
'Fore they drive me crazy, I'll put the key in myself
Before I let you piss me off, I'll pee on myself
I'm no better than he, a heathen myself
The truth is hard to swallow, but she drink the semen and belch
And that pussy, I'ma eat for my health, she screamin' out, "Help"
She feel that head from her feet to her scalp
Clean up myself, flyer than the wings on a stealth
At the T-O-P of the shelf, read it yourself
Even on Halloween, I'm myself
And when all the smoke clear, all I see is myself
I can't see no one else, can't be no one else

I'm just bein' myself, just bein' myself
I roll with myself, make peace with myself
I give all of myself, not piece of myself
No starvin' myself, I eat you myself
Do a song by myself and feature myself
DJ, play nothin' but me
(Me, and I can't be nothin', just me)
(Just me, and you can't do nothin', trust me)
(Don't try to make me somebody else)
(I got to be myself, myself, self, yeah)

My, myself
I'm just bein', bein' me, me, me, me
Nobody but me
I'm just bein', bein' my, myself
Don't try to make me somebody else
I'm just bein' myself
