

Clap For Em

Lil' Wayne

Shake that ass like a salt shaker
Shake, shake that ass like a salt shaker
Shake, shake that ass like a salt shaker
Girl, take that cash from the ball players
Yeah, lemme see you make that pussy open-close
For some Gucci open-toes and some OVOs
I hit it like a bullet hole, leave that pussy swole
You lookin' like a pot of gold on that silver pole
Clap, encore, pussy lips, drum roll
Make that pearl tongue go (Rrrr)
Round of applause, make a sound of applause
Bounce for your boy, up and down, bungee cord
One cheek at a time, girl, you asinine
Left, right, right, left, girl, I can't decide
Uh, bae just got off work, lemme pop a perc'
Garbage bag full of ones, don't know where she work
I'ma fuck her till she squirt, then she go to church
