Lil' Wayne

I'm a east side nigga but my homies from uptown  
I'm a east side nigga but my homies from uptown  
I'm a east side nigga

I got the 2-2-3 cocked, I point it at yo melon  
Loose lips ain't ship so ain't no motherfuckin tellin  
I'm a east side nigga but my homies from uptown  
Gas up the minivan, put the pumps in the trunk  
Now I be sippin on something, they got me tilled to the side  
All black ski mask with chinese eyes  
Now I've been home for years, I'mma take yo plate  
I'ma eat yo steak dead in yo face  
I woke up on a mission, I got 2 women I ride with  
One named Nina and that yapper my side chick  
We sign niggas up so wisely choose ho side with  
Got something on my, that pack of kick - that's my sidekick  
I'm about that paper, roll the dice and get paid  
And they can't bite the hand I'm feeding with, I'm holding grenades  
So I'mma talk my shit, I'mma live my life  
I'mma nail yo girl, shit I did that twice  
Gudda!

I'm a east side nigga  
I'm a east side nigga but my homies from uptown  
I'm a east side nigga but my homies from uptown

Money don't make itself  
These niggas gon make me kill em  
I should probably see it straight but I'm afraid he'll make me little  
I've been a beast since I could remember  
I got too many hoes, that's my dilemma  
Chop yo fuckin head off and put it on the front of my car like the emblem  
Get em like they on the beat, I got this banger on display  
I just test-drove a new Lamborghini and got a A  
Got a billion bitches, I'm lookin for the one that got away  
And since all these niggas watchin, have some fun the time of day  
Fuck yall niggas I'm skatin  
Got yo ho at the skate pod waitin  
That dick keep on comin back, motherfucker real coronation  
I don't want that pussy this spacious  
Just give me fellatio  
My bitch named Gigi give me head, I be like goodness gracious, fuck  
Hi, my name is Tune, it's nice to eat ya  
I still keep that gun like a secret  
Another one bites the dust, would you like to eat it  
Boy I have the people lookin for you like a reason uh  
Get over here with my blunt cuz I'm gon eat the pussy all day  
This gun got a head trigger, I pull this bitch til it's ball here  
Ye ain't got no bars nigga  
Recharge, you going dead  
Can't kill me, I was born dead  
Crowned of thorns head  
Devil horns red, have my barn head  
I'm a serial killer, yo lucky charm dead  
And that trash bag, they find you on leg leg leg harm head  
Oh what a tangle where we we bout feel like daddy long legs  
I bought that Ferrari Spider from my boys at Rykers in all my lifers

My bitch say my niggas great  
But I make er say it like Tony the Tiger  
I own a riffle and I'm on the edge  
I bop bop and I'm ridin off  
I'm devastation, I'm Freddy Jason, Dedication 5, 5 stars
